

THE DOTHAN EAGLE

VOLUME 3

DOTHAN, ALABAMA, TUESDAY EVENING, JANUARY 17, 1911

NUMBER 110

FIRST SHOT IS TAKEN TODAY

Legislature will be Asked to Kill Statewide Prohibition Measures

N. Y. DEMOCRATS NOMINATE SHEEHAN

(Special)—The first bill to kill the statewide prohibition measure was today introduced by Dick Butts, of Montgomery. His bill provides for the licensed saloons at \$1,500 a year, and fixes the hours that whiskey may be sold. He would have a penalty of from \$100 to \$500 for violating the statutes, and if a fellow keeps breaking it, he is in favor of revoking the license.

Of course, the bill provides that all former laws be repealed, and it is said that it meets with general favor.

With a stiff license, of say \$1,500 a year, the number of saloons would be more than the old plan, and Montgomery would come into her own again.

It is likely that this bill will pass, with some of the corners clipped, and then the smaller sections, like the interior, will come up for consideration.

CLIMAX WILL NOT COME HERE

The "Climax" which was to appear at the Elite theatre on next Saturday night will not come to Dothan on account of the bad railroad connections from Pensacola.

The manager of the company, stationed at New York, wired the manager at Pensacola to come here with the attraction and at the same time wired manager Wall of the Elite but when the schedules of the trains coming out of Pensacola and into Dothan were looked up it was found that they could not reach Dothan until 8:40 Saturday night.

This would make the curtain go up about 9:30 o'clock and the show would end after 12 o'clock, thus running into Sunday. Manager Wall, not favoring Sunday shows has cancelled the date.

Buy your blank books at Strickland Bros.

Joint Caucus Gives a Majority of Sixty-Two Votes—Election Is Uncertain

Albany, N. Y., Jan. 16.—William F. Sheehan was nominated as the Democratic candidate for United States Senator tonight at the joint caucus of Democratic legislators, receiving 62 votes,

four more than a majority of all the Democratic members of both houses. The fact, however, that twenty-five members refused to attend the caucus leaves a strong possibility that tomorrow when the legislature votes in regular session he may fail to receive the number of votes necessary for his election.

Besides Mr. Sheehan's, the names of Edward M. Shepard, of Brooklyn, and D. Cady Herrick, of Albany, and New York, were the only ones presented to the caucus. Mr. Shepard received 22 votes and Judge Herrick 7.

The twenty-five legislators who bolted the caucus will be in position to declare themselves unbound by its action, and even if those who entered the caucus vote for Mr. Sheehan tomorrow the absences can prevent his election because a majority of all the members of both houses present, voting is necessary for election.

"Effort to make the nomination of Mr. Sheehan unanimous failed because two assemblymen objected.

Both houses are obliged to take at least one ballot at noon tomorrow. If neither Mr. Sheehan nor any one else receives a majority at this time, the legislature will continue to ballot in this manner until a choice is made.

Rain tonight, slightly colder north portion. Wednesday fair in the second degree.

NEGRO ARRESTED; MURDER IS CHARGED

Woman Whom He Was Thought To Have Killed Is Found To Be Alive

Tom Koonee, a well known negro preacher of Dothan, who lives on Pine street, caused much excitement in Dixie yesterday by filling up his well, which the negroes in that part of town claim contained the body of a negro woman and her child. The woman and child, according to her brother, are now in Gordon, and Tom has been released.

Several nights ago a negro woman giving her name as Loraine, came to Dothan and had a small child with her. Having no place to sleep, she applied to several negro homes, but was refused, and she went to Koonee's house, where she was admitted, but after the child had been warmed up, she was told by the negro man that she could not stay there. She left but in leaving, forgot several articles of clothing which belonged to the child. No one knew where she went, and when the negro began to fill up his well, the negroes began to get suspicious.

They found the clothing at the house, and with this clue placed with the fact that the well had been filled by Koonee caused the officers to be notified.

They, too, were suspicious, and when they got to the home found several hundred negroes around the old well, all of whom were in great excitement. The circumstantial evidence was pretty bad for the old preacher and he was arrested. The officers were preparing to have the well opened, when a brother of the woman stated she was at Gordon and was all right.

Koonee was turned loose, but the matter is being further investigated.

PYTHAGORAS LODGE

There will be a regular communication of Pythagoras Lodge No. 659 tonight at 7 o'clock. Work in the second degree.

MRS. T. M. BROOKS SHOT TEXAS WOMAN

EXPLANATION OF THE AFFAIRS IS NOT FORTHCOMING.

Ft. Worth, Texas, Jan. 16.—Shooting with the coolness and skill of a native born Texan, Mrs. T. M. Brooks, wife of a prominent local attorney, this afternoon fired five bullets from a .38 calibre revolver into the body of Mrs. Mary Binford, department manager of a local dry goods store. All of the bullets were true, death resulting almost instantly.

Both Mrs. Brooks and her husband refuse to make a statement as to the cause of the shooting.

The shooting occurred on the second floor of the establishment where Mrs. Binford was employed. Making her way through the lower floor, Mrs. Brooks suddenly bowed and stopped to chat with acquaintances. As she stepped from the elevator Mrs. Brooks inquired for Mrs. Binford and as the latter approached Mrs. Brooks drew an old-fashioned revolver from her muff. The woman grabbed Mrs. Brooks finally freeing herself and forcing the other on in against the wall. In the hubbub the weapon was discharged, the bullet ploughing its way through Mrs. Binford's hand. With her victim at bay Mrs. Brooks stepped backward and fired four times, each time aiming at her adversary's head.

The second ball struck Mrs. Binford in the left shoulder, the third one an inch higher and the fourth entering the base of the neck, severing the spinal vertebrae. Before the woman fell to the floor Mrs. Brooks fired again and this time the ball struck Mrs. Binford behind the ear and came out through the top of the head.

Shoppers Became Hysterical.

By this time shoppers who had witnessed the tragedy were hysterical.

Making her way through the crowd Mrs. Brooks went to the office of her husband, two blocks distant. As she handed the revolver to Mr. Brooks, she said:

"I am sorry," and then fainted.

The waist worn by the dead woman caught fire from the flash of the revolver muzzle and the body was badly burned before clerks regained their presence of mind and extinguished the flames.

Before securing a divorce from her husband about two years ago Mrs. Binford was wealthy and very popular. Mrs. Brooks and her husband also are well known.

Mrs. Brooks waived preliminary trial before a justice of the peace and readily furnished bond in the sum of \$10,000 to guarantee her appearance Tuesday morning when an examination will be held.

W. H. Newton, was among the Dothan delegation at the inauguration of Governor O'Neal at Montgomery yesterday.

The Grasselli Chemical Company is breaking land for an experiment cotton field, near the site of their proposed new plant at "Double Trestles." They are of the opinion that an exceptionally fine crop can be raised here.

NOT A DAY IN BED

Gramling, S. C.—In a letter from Gramling, Mrs. Lula Walden says: "I was so weak before I began taking Cardul, that it tired me to walk just a little. Since taking it I do all the housework of my family of nine, and have not been in bed a day. Cardul is the greatest remedy for women on earth." Weak women need Cardul. It is the ideal woman's tonic because it is especially adapted for women's needs. It relieves headache, backache, dragging feelings, and other female misery. Try Cardul. A few doses will show you what it can do for you. It may be just what you want.

CENSUS CHANGES AGREED UPON

CLINTON C. BRANTLEY IS FATALLY WOUNDED

PROMINENT WILCOX COUNTY MAN IS VICTIM OF NEGRO.

Selma, Ala., Jan. 16.—Clinton C. Brantley, a prominent young citizen of Wilcox county, was shot and fatally wounded this morning about 9 o'clock near McWilliams, by Henry Sanders, a negro, who is wanted by the authorities on the charge of murder.

Mr. Brantley was brought to Selma this morning and carried to an infirmary for treatment. He was suffering from a pistol shot, the bullet having entered his right breast, passed through his lung and came out in the back. The young man's condition is considered serious and his recovery is not expected.

About a month ago Henry Sanders shot and killed a man near Pineapple. Since then the authorities of Wilcox county have been after him and a reward was offered for his capture. Clint Brantley learned where the negro was hiding and this morning accompanied by a brother went to arrest the negro. Neither of the white men were armed but they did not fear that the negro who was wanted would resist arrest.

Both of the brothers went together to the place where Henry Sanders was and after seeing him Clint Brantley walked up to Sanders and placing his hand on his shoulder told him he was under arrest. Without saying a word the negro pulled a pistol and began shooting. The first shot passed over Clint Brantley's shoulder but the second hit him in the right breast causing the wound which it is believed will terminate fatally.

Capt. M. V. White, of Taylor, spent this morning in the city.

Alterations Will Fix Membership of House at 433 Outside New Mexico and Arizona

Washington, Jan. 16.—Two changes in the census plan were agreed upon by the House committee on census today. They amend the Crumpacker Congressional apportionment bill which provides for an apportionment that would fix the House membership at 433 out of Arizona and New Mexico, so that those territories when they become states will have one representative each. The other amendment fixes the House membership following the fourteenth and subsequent censuses.

The latter provides that as soon as each subsequent decennial census is completed the secretary of commerce and labor shall ascertain the aggregate population of all the states and each separately.

This aggregate population is to be divided by 430 and the product of that division will be the ratio of House apportionment under each census.

Chairman Crumpacker of the census committee called up these amendments in the House today and had them placed on the record preliminary to taking them up later in the apportionment bill which the committee already has favorably reported.

Dry Ridge, Ky.—"I could hardly walk across the room," says Mrs. Lydia Powell, of Dry Ridge, "before I tried Cardul. I was so poorly, I was almost dead. Now, I can walk four miles and do my work with much more ease. I praise Cardul for my wonderful cure... Cardul is successful in benefiting sick women, because it is composed of ingredients that act specifically on the womanly constitution, relieving headache, backache, irregular, misery and distress. Only a good medicine could show such continual increase in popularity as Cardul has, for the past 6 years. Try Cardul, the woman's tonic."

It Is Not as Easy As Some Think

To have the right goods at the right price, that is of your liking, requires a great deal of thought and careful selecting.

That is what we are doing now every day. You will find the best the markets afford in the lines we carry each day, if it is possible to keep it coming fast enough to supply your wants.

We are putting forth extra efforts and our best energies to get the best for you and the price you surely need not question.

We pride ourselves on goods worth the price, whether in or out of a sale. We would appreciate your looking around a little and then come see what we have. Assuring you of the most courteous attention whether you buy or not.

At The Inauguration.

Old settlers, and people who had been making it a business to go to inaugurations for forty years, say that was the biggest crowd that ever assembled in Montgomery to watch a new governor take the oath and make his promises.

People went to Montgomery who hadn't been there since the stars fell.

Those who engaged rooms at hotels ahead of times had places to sleep.

Montgomery has too much hotel room for ordinary business, and not enough in times like an inauguration.

People stood in line waiting to see the last of it, till they grew noticeably shorter.

All of the common soldiers were there in fatigue uniform. The cadets were there, the pride of their parents and friends. The gold trimmed soldiers were on the grand stand, with high seats, where the stranger might mistake them for the main works. It is a pleasure to have a few dressy chaps, with swords, sashes and spurs, to awe the crowd into submission.

Those who heard what the retiring governor said, said that he died game. He made a record breaking short speech.

The incoming governor looked like he was used to being inaugurated every day in the year, and took it rather seriously.

It was a sight to behold how the ladies had prepared toggery for this function.

Montgomery was happier than it has been since the handful of men and women gathered about the capitol to see Jeff Davis take an oath some years ago.

The crowd from Mobile looked like it had been saving itself for this occasion for many months. Those people have now abandoned the occasion idea. Things look good to Mobile.

From the advance noticed of the papers one would suppose that it had been comfortably dry. At the Exchange, for instance, it was said that the wet goods had to be obtained from the basement.

While the state was shifting from one governor to another, the wet goods were shifted upstairs, and restored to the old place of convenience, and a good trade was worked up.

The souvenir sellers were more than equal to the occasion. They offered the public a striking symbol, a dainty beer mug, with suitable sentiments writ thereon.

Taken as a whole, the start was made well. Governor O'Neal has the opportunity before him to give the state a pleasing administration. He has an able corps of advisors.

Champ Clark's Stories.

The New York World prints an interview with Hon. Champ Clark of Missouri, who is to be the next Speaker, from which the following is extracted:

"Stories to make any kind of a hit with an audience must be short and snappy," Clark explained.

"There must be a good denouement, concealed to the very last.

It must be concealed too. If the audience catches the point in advance it spoils everything. That is the trouble with a long story.

They are bound to guess the point.

"I'll tell you what I think is the best story of them all, but first I'll tell you the story of the story. An old man out in Missouri tried to commit suicide by hanging himself with a blind bridle. His son cut him down just in time.

"On that foundation I added this: When the son cut him down and brought him to the old man,

complained feebly:

"It ain't right, Henry; you've your old father out of heaven."

"You'd cut a hell of a figure in heaven looking through a blind bridle, wouldn't you?" retorted the son.

Do you get it? I confess at the risk of losing Clark's respect, that I didn't. Neither did friends to whom I told it. Victor Murdoch explained the point. He says they only use "blind bridles" on young and frisky colts in the Missouri country and the irreverent son was kidding the old man for trying to make a coltish d-but in the golden city. Now in my country, every old family Dobbin wears "blinders," as we call them, and if any youngster has a frisky colt he shows off his colt and his horsemanship alike before the girls by driving him with an open bridle. Stories are sometimes geographically in their wit. Clark himself said that later.

"Now I regard that as my best story," Clark said. "At least it is my most successful. Bob Taylor stole it, after I had used it for years, and told it in his lectures, and finally put it in his book. A friend of mine named Jordan put the climax on the story of my story, though. He supposed that I had made it up, and he told it one night before an audience out in our country, an audience that had the old man whose son cut him down on the front seat. The old man broke down on the front seat. The old man broke down and cried, and that rather spoiled the point for Jordan."

Crosby, Ala., Jan. 12, 1911.
The Dothan Quano Company,
Dothan, Ala.

Gentlemen—I cultivated last year two acres of land and gathered 130 bushels of corn from same. I used three sacks of Grange Mixture on these two acres and no other fertilizer. I regard this brand well suited to the land of this section.

Yours truly,
Z. Williams.

THE REASON WHY.

The article in The Age-Herald of Sunday last, headed, "Wanted—A Mayor. Apply at Clanton," is calculated to reflect somewhat the best town in Alabama. Clanton is not scarce of mayoralty number by any means, Mr. Age-Herald. It isn't the scarcity of material so much as it is the pressure of business which keeps our men from offering.

T. J. Sanders, of Columbia, was among the visitors to the city Monday afternoon.

For Quick Sale, \$1,300—1910 Oakland touring car, 40 h. p., fully equipped with mohair top, folding wind shield, speedometer, extra body for same, but without seat. All in perfect condition and good as new. This car has only been run a short time, and is the best, easiest running and prettiest car in Selma. Cost \$2,150. Will sell, if taken at once, for \$1,300. H. A. Vaughan, Selma, Ala. t21

REAL ESTATE**For Sale:**

Three beautiful lots on South Gates street in splendid neighborhood that can be sold at \$2,500, the three, if sale is made at once. This property is cheap at \$3,000. Also a nice six room house, with all modern conveniences and well located.

SKIN AND SCALP TROUBLE YIELD TO ZEMO

A Clean Liquid Preparation for External Use

W. L. Brown's Drug Store is so confident that ZEMO will rid the skin or scalp of infant or grown person of pimples, blackheads, dandruff, eczema, prickly heat, rashes, hives, ivy poison or any other form of skin or scalp eruption that they will give you your money back if you are not entirely satisfied with the results obtained from the use of ZEMO.

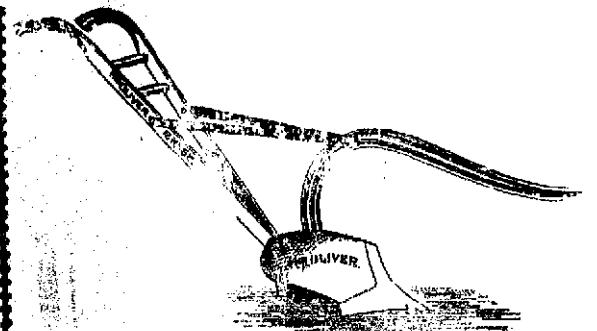

The first application will give prompt relief and show an improvement, and in every instance where used persistently, will destroy the germ life, leaving the skin in a clean, healthy condition.

Let us show you proof of some remarkable cures made by ZEMO and give you a 32 page booklet "How to preserve the skin."

LADIES AND GENTLEMEN

I am prepared to serve the best of meals the market affords, to gentlemen and ladies. Am located in the German-American old stand, next to Hotel Martin cafe. Be glad of your patronage. J. W. JONES

OLIVER PLOWS

This is the time to buy plows.
This is the plow to buy.
Easy to regulate; Easy to handle.
We have these in all sizes.

Dothan Hdwe. Co.

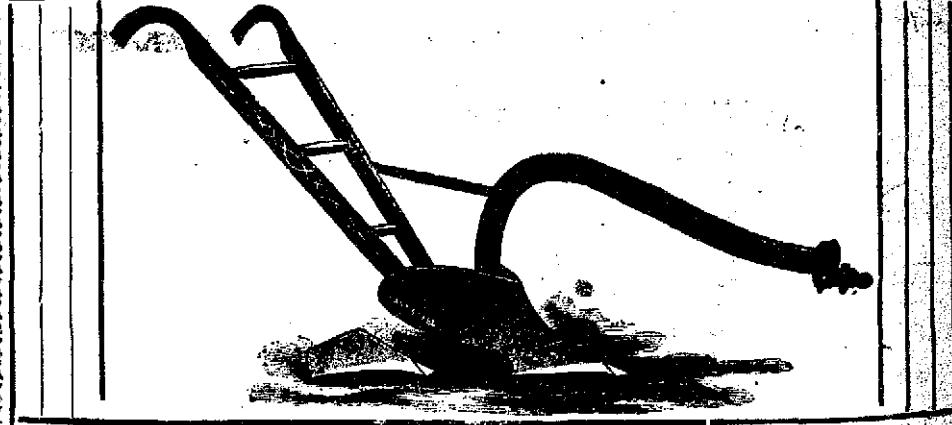

Normal Resume

The house of Saxon-Heard-Williams Co., resume normal conditions Monday. From what we are told—we feel sure our January Clarence Sale was the most satisfactory sale ever held in Dothan. We certainly sold worlds of goods, cleaned out most of our winter stock, and we are now ready for spring business.

Again we adopt our liberal store policy of exchanging goods, refunding money, and will gladly charge it to you. If you happen to be one of the few, that felt our "sale's" rules were too severe, we beg you to be liberal enough to remember 'twas only a rule made to hold only during this sale and was absolutely necessary for a successful sale. New goods will be opened every day during the coming week.

Saxon-Heard-Williams Co.

CORRECT DRESS FOR WOMEN

FARMERS!!

This is the plow you are looking for. The lightest one-horse Steel beam, Steel point and wing plow made. Will plow the hardest land—points keep shape and won't break—light enough for a boy and strong enough for man.

DON'T buy a plow until you investigate our line of STEEL PLOWS.
